

Supplementary Table 1. Volume changes of globus pallidus and putamen as calculated by MIST program included in FSL during FU

	Mean volume at 1st exam	Mean volume at 2nd exam
Globus pallidus	1.925 ± 0.495 cm ³	1.848 ± 0.358 cm ³ *
Putamen	5.724 ± 0.569 cm ³	5.481 ± 0.425 cm ³

*significant difference at $p < 0.05$, paired t -test. MIST: multimodal image segmentation tool.
