

Supplementary Figure 1. Scatterplot showing a correlation between compliance level (overall attendance) and relevant clinical scales at baseline. A: H&Y stage. B: NMSS first domain. C: UDPRS Part III. D: Δ UDPRS Part III. E: UPDRS total score. F: Δ UDPRS total score. Lower negative delta-clinical scales mean more improvement. H&Y, Hoehn and Yahr; NMSS_1_T, Non-Motor Symptom Scale, 1st domain; UPDRS, Unified Parkinson's Disease Rating Scale.
